(a) **In qualifying the lap on which the breach occurred should be disallowed.** Note should be made on the result sheet of any times **disallowed.**

- GR5 Competitors' Safety Overalls. Competitors' attention is drawn to the recent rule changes
K9.2 Exceptionally drivers of **open bodywork** Period Defined Vehicles (Non-Rally) A-D and pre-1941 three wheeled cars, may wear ACU or FIM approved leather overalls
and K14.3 (g) Exceptionally drivers of **open bodywork** Period Defined Vehicles (Non-Rally) A-D and pre-1941 three wheeled cars, may wear ACU or FIM approved leather gloves and shoes
- GR10 Cars stopping on the grid in the wrong location may be given a False Start penalty, not a Jump Start penalty.
- GR10 For clarification – should a handicap race be red flagged - the following procedures will be adopted
1. Red Flag under two laps – complete restart, the race didn't happen.
 2. Red Flag between two laps and 50% of the race distance – the race will be rescheduled to run as a handicap at the end of the day, if there is time.
 3. Red Flag where over 50% of the race distance has been covered – a pro rata result is declared which is determined by the handicappers. The calculation used would be to take the best lap time achieved by each car in the shortened handicap, multiplied by the number of laps remaining. These figures would be added to the result at the time of the red flag to produce a final handicap result.
- SR3 Motorsport UK Permit number 130690
- SR5 The Young Persons' Handicap race is now a 15 minute Sealed Handicap Scratch Race
The three Handicap races will be 14 laps long
